

Cover Letter

Dear Hiring Manager,

I am excited to apply for the position of PHP/MySQL Web Developer with your progressive web development or software development company. My focus on creativity and problem-solving has prepared me for a role that supports a network infrastructure based on multiple operating systems and complex network topologies. I am seeking a position that is challenging, rewarding and provides an opportunity to expand my knowledge and abilities in creating client-centric solutions.

As a web developer, I have extensive experience in PHP/MySQL, JavaScript, HTML, CSS, and other web technologies. I have developed web applications from scratch, working with teams or independently, and delivered exceptional results. My ability to solve problems, stay organized and communicate effectively has helped me to exceed client expectations.

I have a passion for sharing my knowledge with aspiring IT developers, and general students. I believe that by providing the highest level of training, I can help individuals achieve their goals and succeed in their careers.

I am confident that my skills and experience will make me a valuable asset to your team. I am excited about the opportunity to contribute my expertise and knowledge to your company and make a difference in the lives of others.

Thank you for considering my application. I look forward to discussing my qualifications further.

Sincerely,

Huzoor Bux
